

15 in 5 PLAY Task Force

*Meeting Minutes
February 2, 2006
Ambroz Recreation Center
7:30-8:30 am*

Action Steps

Last week the group made 3 x 5 cards listing action steps. Kristi stated the cards had been inadvertently misplaced so the group rewrote their action steps from last week. Kristi briefly reviewed the goals.

Discussion of Renaming Task Force

Currently the name of the group is Activity Center Task Force. Tom Saxen stated the new name needs to be creative and catchy. Some ideas that were stated include:

- Rec Plex (already patented)
- Act Plex
- Comm Rec Complex
- Comm Play Complex (Campus)

Words to keep in mind when deciding include:

- Recreation
- Activity
- Leisure
- Community Life Development

Tom Saxen suggested talking with any contacts in the marketing area that you might know for input. Jean Bjorseth stated that it would be good to name the task force but premature to start thinking of a name for the “complex” or “campus”. Kim Hilby suggested the name for the task force be “PLAY” **P**articipate (in) **L**ife **A**ctivities (for) **Y**ou. The group really liked this idea. There will be more discussion on this next week.

Action Groups

Action groups will meet separately from this current meeting. The project is too big to do all at once so it was decided the group would need to break into smaller groups to take the different components to work on. The information gathered and worked on in these smaller groups will then be presented to the Steering Committee. Bob Carlson expressed his concern

for too many meetings if split up too much. After discussion it was decided that the committee would be broken into two (2) teams with a facilitator selected for each team. The Steering Committee will then go to meeting once per month for reports from the teams.

After discussion the group decided that the Master Plan needed to be in order before the teams can be determined. Kristi will comprise the action card steps for the next meeting as well as ask for team sign ups.
