Karl Cassell the executive director of the Jane Boyd Community House was introduced as a new member of the committee.

Fund Raising

Bowers reported there is no further news on the appeals to Rockwell, Alliant and Aegon for funds to fund the feasibility study or on future meetings with those three corporations. All the attendees at the meeting were polled for their suggestions on other corporations and businesses, which might be approached for funds to fund the feasibility study. Fitzgibbons took down a list of those suggestions and will smooth the list with contact names where possible. The fund raising committee will now work from that list. The fund raising committee postponed the scheduled meeting of June 20th and will next meet at 4 P.M. on July 9th at Pioneer Workspace Solutions. A need was expressed to develop a packet or script for fund appeals.

Scope Of Services

Dohlman reported that nothing has taken place since the last meeting on the Williams Architects proposed basic scope of services outline for the feasibility study contract.

Agenda Item

It was suggested by Day that an agenda item for the next meeting should be a discussion of collaborations, coalitions and partnering as a follow up to one of the major suggestions that came out of the recent Dubuque field trip.

Other 15 In 5 Committees

Harrington passed out a packet that she made up that incorporates the ideas and directions of all of the other 15 In 5 Committees. It's purpose is to enable the PLAY Task Force to explore synergies for working together on certain aspects of the Community Center Complex with the other 15 In 5 Committees.

Next Meeting

The next meeting was set for the regularly scheduled second Thursday of the month on Thursday, July 12th at 7:30 A.M. at the Ambroz Center.
